PROJECTED HOTEL.

There is a chance that the High

Plans have been completed which, if carried out, will result in the erection at the northeast corner of 17th and H streets of a large and modern hotel building. It is proposed that the new structure shall occupy the entire site acquired by the late Anthony DuBois, and which comprises 23,000 square

All these buildings are to be removed and a steel structure is to be erected which will have a frontage of about 120 feet on H and 200 feet on 17th street

bounds the part of the property not having a street frontage. On account of its separation by means of streets and alleys from the rest of the square, the site may be regarded as an independent square, and its use further carries out that idea.

The proposed scheme of improvement has been devised by Mr. E. I. Rosenfeldt, the proprietor of the Richmond Hotel, and it is
